Russia Urged to Negotiate for a United Berlin

By ARTHUR GAVSHON

GENEVA (AP) — With secret Big Four talks on Germany scheduled to start Friday, U.S. Secretary of State Christian A. Herter urged Russia today to negotiate a Berlin settlement which would unite that divided city under a new constitution pending German unification.

A spokesman for Communist East Germany's delegation declared at once that discussions of German questions by the Big Four could only be held when East and West German representatives were present.

Official talks of the four foreign ministers on German questions without German representatives would not bring any success, the spokesman said.

It would not be possible for the four to make formal decisions on German questions without the Germans being present.

The West German delegation made no immediate comment on the announcement. But Western German officials have said they favor any type of Big Four negotiations that might lead to progress on the German question.

Only a brief conference session was planned this afternoon before all four foreign ministers flew to Washington for the funeral of John Foster Dulles.

Meanwhile, Western diplomats reported that American, British, French and West German experts are dusting off and updating the 10-year agreement for Big Four control of divided Berlin. The idea is to adapt it to serve as a basis for a new accord.

East German officials, clearly with Soviet consent, are circulating informally a plan for a new Berlin deal that calls for Western recognition of the East German regime's authority in and around parts of the city.

Roy Anderson and Plaque Honoring His Brother Mac

Hope Star photo engraving Roy Anderson and plaque honoring his late brother, Mac Anderson, photographed at noon today in the office of Roy Anderson Insurance Agency, Inc. Mac Anderson, of Anderson & Newell, one of Little Rock's top underwriters, was honored with a resolution by the Arkansas Association of Insurance Agents adopted at the convention in Hot Springs week before last, and a photographic copy of the plaque was forwarded to his brother here.

The resolution was transmitted by W. G. Cobb, president, and D. E. (Gene) Fortson, manager.

Recall of Bismarck Board Asked

MALVERN, Ark. (AP) — A dismissed teacher and her husband yesterday filed recall petitions, bearing 150 names, against all five members of the Bismarck School Board.

The petitions were submitted by Mr. and Mrs. James R. Herrin. Mrs. Herrin's contract was not renewed by the School Board.

C. O. Shuffield, secretary of the board and one of the five under attack, said that Mrs. Herrin was dropped as a first grade teacher because three such teachers had been employed and enrollment had decreased to the point where only two were needed; the other two had seniority, he said.

Shuffield said there was a political faction in Bismarck opposed to Supt. Dewey Chapel, who recently was re-employed by the board.

There was no public statement from Mr. and Mrs. Herrin or other sponsors of the petition.

County Clerk Paul Shuffield, a brother of the board secretary, said today that the petitions were legally sufficient.

By law the Hot Spring County Board of Election Commissioners must set a recall election within 10 days after formal certification from the county clerk.

Bismarck is 35 miles southwest of Malvern.

Besides C. O. Shuffield, board members are Buford Prince, Doyle Collier, George Ledbetter and Harley Sheets.

MALVERN, Ark. (AP) — Recall of all five members of the Bismarck School Board was sought in petitions filed yesterday.

There were 150 names on the petitions submitted by Mrs. James R. Herrin.

Although no reason was given in the petitions, there were reports the election stemmed from a dispute over dismissal of a teacher.

Bismarck is 25 miles southwest of Malvern. There is no integration in the district.

The petitions asked for an election within 10 days after they are certified to the Hot Spring election commissioners.

Board members are C. O. Shuffield, Buford Prince, Doyle Collier, George Ledbetter and Harley Sheets.

Okays Transfer of Spa Hospital to Arkansas

WASHINGTON (AP) — The House Armed Services Committee today approved a bill transferring the Army-Navy Hospital at Hot Springs, Ark., to the state.

The state plans to convert the hospital into a vocational rehabilitation center. For several years the Army has sought to close the hospital.

The bill, by Rep. W. F. Norrell (D-Ark), would give the state title to 34 buildings and about 25 acres of land. The buildings are owned by the Army, the land by the National Park Service.

Similar legislation, by Sen. John L. McClellan (D-Ark), is pending before the Senate Government Operations Committee, headed by McClellan.

Arkansas already has enacted legislation enabling it to take over the hospital and has appropriated \$200,000 to help get the transfer started. A \$1,000,000 federal appropriation has been asked for use by the Health, Education and Welfare Department in helping convert the hospital.

The Army, in seeking to close the hospital each year for the last five years, "contended it was not needed, because of an extremely low patient load. However, Congress directed the Army each time to continue the hospital another year.

Arkansas, seeking some use for the big hospital, came up last year with the plan for the regional center.

As approved by the committee the bill does not include a 1½ acre tract nearby which Arkansas had also sought.

Committee aides said this tract could be obtained by Arkansas later if the Army declared it surplus.

Memorial Day Traffic Toll May Hit 260

CHICAGO (AP) — Traffic accidents during the Memorial Day weekend may cause 260 deaths and 10,000 disabling injuries, the National Safety Council said today.

The council estimated more than 40 million automobiles will be on the streets and roads.

The holiday period covered by the calculations will begin at 12 p.m. local time Friday, May 29 and will end at midnight Sunday, May 31.

If the toll reaches 260, it will be a new record by a wide margin for a two-day observance of the Memorial Day holiday. The record is 241, set in 1953.

During last year's three-day observance 371 motor vehicle fatalities were reported.

But, the council said the count can be held down if motorists use a "sure-fire formula for minimizing holiday traffic trouble."

The formula:

1. Hold your speed to 60 or below on the open road and obey posted speed limits.

2. Put the time of your arrival at your destination last in importance and your safe arrival first.

3. Stay away from the wheel if you've been drinking.

Carpenter Seeks to Control Station

WASHINGTON (AP) — An application for transfer of control of Radio Station KNLR, North Little Rock, to Claude Carpenter Jr. was received yesterday by the Federal Communications Commission.

Carpenter, of Little Rock, is field representative for Rep. Dale Aldford (D-Ark).

Radio Station KOTN, Pine Bluff, applied for permission to increase its power from 250 watts to one kilowatt.

Interchanges to Be Constructed

LITTLE ROCK (AP) — The Arkansas Highway Department announced today that construction of eight traffic interchanges on interstate routes 55 and 40 in Chittenden County will be finished in about two weeks.

District Engineer John Crouse of Jonesboro said the project's cost was almost \$1,432,000.

Court Strikes Down Sports Race Barriers

WASHINGTON (AP) — States can not erect racial barriers against Negroes and whites competing in athletic events.

The Supreme Court made this clear yesterday in affirming unanimously a decision by a special three-judge federal court in New Orleans last November.

The lower court said a rule of the Louisiana State Athletic Commission barring Negroes and whites on the same boxing program is unconstitutional, as is a state law prohibiting boxing and other athletic contests and games which involve the two races.

While the lower court's ruling was broad enough to cover all types of athletic contests and games it specifically applied to boxing—the only issue squarely before the court. The decision barred the state Athletic Commission from attempting to prohibit boxing contests between Negroes and whites solely because of the contestant's race or color.

It seemed clear, however, that Negroes now were in a position to ask similar injunctions against enforcing racial segregation in the wide variety of sports activities covered by the state law.

The Louisiana law not only bars Negroes and whites from competing with each other in athletic events, but also from appearing on the same program with whites even though Negroes competed only against other Negroes.

Unassigned letters sent out by the Arkansas Minutemen Assn. were received by a number of organizations and individuals. They asked the public to write to a Pine Bluff post office box for more information.

The Anne Frank diary was among 12 books condemned by the Minutemen. The association described itself as "a voluntary organization of white men to maintain and better our local affairs."

Anne Frank spent more than two years hiding with members of her family and several others in an attic in Amsterdam during the Nazi occupation. Captured in 1944, they were taken to concentration camps in Germany and Anne died in one of the camps in 1945 at the age of 15.

Her diary has been widely acclaimed as a book, play and movie.

The Minutemen's list of objectionable books also included "An American Dilemma" by Gunnar Myrdal, a work often attacked by segregationists because it was cited in the U.S. Supreme Court's 1954 desegregation ruling.

Diamond Puzzle Not Over Yet

LITTLE ROCK (AP) — Diamond, diamond, who's got the diamond? Mrs. Frances Mayes had it in her mouth. She put it there in a dispute with a jewelry store over the ownership of the three-carat gem valued at \$2,500.

Officers were unable to persuade her to give it up after they took her to police headquarters yesterday.

Mrs. Mayes, about 35, took the sparkler to Sittler's Jewelry last April 20 for appraisal and Max Moses, president of the firm, said it was like a diamond the store lost recently.

But Mrs. Mayes contended the gem was an heirloom given to her by her stepfather in 1934. She agreed to leave it in the store pending an investigation.

Yesterday she took several friends to the store to look at the diamond. She said they could identify it. When Moses produced the gem, she folded a wad of gum around it and began chewing.

Mrs. Mayes was released by officers after their pleas for surrender of the diamond failed. No charges were placed against her, but an attorney for the store said the case was not ended.

Woman Charged With Embezzlement

MEMPHIS, Ark. (AP) — A West Memphis, Ark., woman was charged with embezzlement yesterday after a re-audit of the West Memphis Utility Commission books showed a shortage of \$3,000 over the last two years.

The charges were filed in Crittenden County Circuit Court against Mrs. Mar Shipman, an employee of the commission, listing 83 counts. She was released on bond.

Mrs. Shipman was suspended last month when the shortage turned up. A customer stirred up investigation when he complained that his check, with which he had paid his utility bill had never cleared the bank.

Workers for STOP Hold a Celebration

By WICK TEMPLE

LITTLE ROCK (AP) — "Here they come!" one young man shouted.

Applause rumbled through the ballroom of the downtown hotel. The three men grinned. Six young men hoisted them to their shoulders and started marching with them around the room.

They carried the three up to the stage. They were still smiling. Television and news cameras were clicking now.

The moderates had won the latest round in Little Rock's long and bitter school integration battle. And the big victory party was on.

The men were Everett Tucker Jr., a businessman and former staff member of the Little Rock Chamber of Commerce; Ted Lamb, an advertising agency executive; and Russell H. Matson Jr., a contractor.

They had just beaten the segregationists on two counts in a school board recall election. They school board recall election. They had been retained on the board while the three segregationist members had been swept out of office.

The rally was sponsored by the Arkansas Teachers Assn., a Negro group, and its executive secretary, T. W. Coggs, asked that both facts be declared unconstitutional and their enforcement prohibited.

Shelton testified yesterday's hearing that he had refused to sign an Act 10 affidavit. He was one of 44 school employees fired May 5 by the three segregationist members of the Little Rock School Board.

Defendants in the suit are the Little Rock and Pine Bluff School Boards and their superintendents, the board of Arkansas AM&N College (Negro) at Pine Bluff, and Lawrence Davis, AM&N president.

Henley and Circuit Judge John B. Sanborn of St. Paul, Minn., and U. S. District Judge John E. Miller of Fort Smith conducted the hearing.

Butch's owner, B. G. Dickey Jr., had said he planned to have his 120-pound pet put away and then have a rug made of the hide. Instead, Butch left yesterday for a new home in the Hayti, Mo., zoo.

The young cub got into trouble when he romped a bit too roughly with B. G. Dickey III, 9. The boy had to have hospital treatment for scratches.

It was the second time Butch clamped himself into a stew. Last month he mauled a 3-year-old Johnny Cox when the tot wandered too close to the spot where Butch was staked out on a trailer dealer's display lot in Memphis.

The youngster had to undergo surgery for severe claw and fang wounds. The lion was turned over to the pound. Dickey got Butch by paying the pound fees and tried to make a pet of him. But Butch's jungle instincts prevailed.

Group Attacks Diary of Anne Frank

PINE BLUFF, Ark. (AP) — A segregationist organization has attacked the Diary of Anne Frank as "contrary to the public interest."

Unassigned letters sent out by the Arkansas Minutemen Assn. were received by a number of organizations and individuals. They asked the public to write to a Pine Bluff post office box for more information.

Faubus Suffers Major Defeat in Little Rock Board Recall Voting

Restraining Order on Two Acts Extended

LITTLE ROCK (AP) — A restraining order against enforcement of Act 10 and Act 115 of 1959 was extended yesterday by three-judge federal court.

U.S. District Judge J. Smith Henley said the order would remain in effect until a decision is handed down in a suit challenging the act, probably within a week.

Attorneys for B. T. Shelton, a Little Rock Negro school teacher who filed the suit, asked for the extension in a hearing yesterday.

The judges took the entire case under advisement.

Both Shelton's lawyers and attorneys for the state requested that a federal court determination of the laws be postponed until after state courts had a chance to rule on them.

The court did not announce a decision on this motion.

Act 10 requires teachers to swear to their organizational connections over the past five years before they can be hired by a state-supported institution.

Act 115 bars any school district or state county municipal unit from hiring a member of the National Assn. for the Advancement of Colored People.

Shelton, joined in his suit by the Arkansas Teachers Assn., a Negro group, and its executive secretary, T. W. Coggs, asked that both facts be declared unconstitutional and their enforcement prohibited.

Shelton testified yesterday's hearing that he had refused to sign an Act 10 affidavit. He was one of 44 school employees fired May 5 by the three segregationist members of the Little Rock School Board.

Lion Saved From Becoming a Rug

EARLE, Ark. (AP) — Butch, the lion cub that was fated to become a rug because he played too rough, was saved from that unkindly fate yesterday by a kind adoption offer.

Butch's owner, B. G. Dickey Jr., had said he planned to have his 120-pound pet put away and then have a rug made of the hide. Instead, Butch left yesterday for a new home in the Hayti, Mo., zoo.

All Charges Filed Against Dallas Man

In reporting an accident in Monday's Star, the newspaper failed to make it clear that all charges following an investigation by State and City Police were filed against Thurman G. Miller of Dallas.

Miller's auto rammed another from behind driven by Ray Wilson of Brndley Investigating Officers Ward and Downing of the State Police and Brown and Rowe of Hope City Police. Miller was charged with reckless driving, felonious license, no state license, and possessing over the limit of beer against Miller who pleaded guilty to all counts in Municipal Court Monday and was fined a total of \$810.

The Dallas man suffered several broken ribs in the accident. Mr. Wilson and two companions were not seriously hurt.

Kentuckians End Bitter Campaign

FRANKFORT, Ky. (AP) — Kentuckians vote in party primaries Tuesday after a campaign which for the Democrats has been one of the harshest and longest in years.

Some political observers think the main issue in the Democratic vote may be the rivalry between Gov. A. B. Chandler and former U. S. Sen. Earle Clements rather than the needs and proposed programs for the state.

Lt. Gov. Harry Lee Waterfield, backed by Chandler and the anti-recall movement, had started the nomination, opposes former Court of Appeals Judge Bert C. Combs, supported by Clements in the Democratic primary.

Combs and his running mate for lieutenant governor, Wilson W. Wynt, opened their drive for the nominations 13 months ago. Their criticism of the Chandler administration has been strong.

Chandler, a real showman on the platform, called Combs "the little judge" and cited the accomplishments of his administration saying Combs must be against all of them "because he's against everything I stand for."

Whoever wins the Democratic gubernatorial nomination will in all probability oppose John Robison Jr., former U. S. Congress man from Louisville, in the November election. Robison has only token opposition in the Republican primary Tuesday.

Everett Tucker Jr., leader of the moderates, retained his seat by a 3,323 to 12,004 vote. Ted Lamb had the hardest battle among the moderates, but ran up a 12,973 to 12,502 favorable vote. The third moderate, Russell Matson, kept his seat by a 12,903 to 12,524 edge.

The six school board members were elected last December after the former members bought on the contract of Supt. Virgil Blossom and then quit their jobs.

From the start the board was split in bitter dispute. The three who attempted the teacher purge were elected to support Faubus in his fight with the federal government over integration. The other three had been denounced by the governor as integrationists.

Tucker, Lamb and Matson denied they were integrationists. Faubus closed the four public high schools last fall under laws he had sponsored at a special legislative session a few months before.

The closing was endorsed by a 3 to 1 vote at an election. Faubus called out the National Guard in the fall of 1957 to stop nine Negroes from attending Central High School. He said he had done it to prevent violence but federal courts ordered him to stop interfering with integration. President Eisenhower then moved in federal troops to enforce it the rest of the school year.

Lamb said the 44 teachers would be reinstated. He said it might come at the school board meeting next Thursday.

Record Vote Is Expected in Kentucky

LOUISVILLE, Ky. (AP) — An expected record turnout of Kentucky Democrats today picks a gubernatorial nominee — a choice which will affect the 1960 Democratic presidential convention.

It bespoiled Lt. Gov. Harry Lee Waterfield wins — and then beats former Rep. John Robison, the Republican candidate, in November — the presidential ambitions of Gov. A. B. Chandler will be boosted.

Chandler, who cannot succeed himself for a four-year term, supports Waterfield. A Waterfield victory would assure Chandler of the state's 30 votes at the Democratic National Convention.

If youthful-looking Bert Combs wins, the prestige and prospects Continued on Page Four

Podres Showing Signs of Coming Into His Own

By ED WILKS
Associated Press Sports Writer

Is this the year Johnny Podres finally gets the breaks and becomes a big winner?

The stocky southpaw is remembered, as the youngster who pitched the Brooklyn Dodgers to their only world championship and as a one-time National League leader in shutouts and earned-run average. Yet he's been a tough luck guy more often than not. He shut out the New York Yankees 9-0 with an eight-hitter in the seventh game of the 1955 World Series and he led the NL with six shutouts and a 2.66 ERA in 1957 (after a hitch in the Navy). Last year, however, was his first without serious injury and he bit

his major league high with 13 victories. But he also dipped to his low in defeats with 16—five as the Dodgers finished seventh in Los Angeles.

Now he's back trying to beat the tough-luck jinx again, and at the moment he's the ace of the Dodgers staff with a 5-2 record after pitching the best game of his career Monday for a two-hit, 8-0 victory over the San Francisco Giants. It was his third straight success.

Podres had a no-hitter for 7 1/3 innings, then gave up consecutive singles by Darv Spencer and Bob Schmidt. The Dodgers' third double play saved his shutout.

That pushed Los Angeles within 602 percentage points of idle third place, Pittsburgh. Both are 3 1/2 games behind first-place Milwaukee, beaten 7-3 at Philadelphia. The Chicago Cubs belted St. Louis 9-4 in the only other game scheduled.

Detroit defeated Kansas City 4-3 in the only American League game scheduled.

Podres did not all the help he needed for his 14th shutout on a pair of two-run homers by Gil Hodges against losing lefty Mike McCormick. Dick Gray also homered as the Dodgers collected nine hits against the second place Giants.

The Braves blew a 3-1 lead as the Phils held out four hits for six innings, chased Bob Buhl (2-3) in

Detroit Hands Cellar Right Back to Yanks

By ED WILKS
Associated Press Sports Writer

It looks like the Detroit Tigers have had their fill of the American League cellar, leaving it as a booby prize in a two-game Boston-New York series opening tonight at Yankee Stadium.

The Tigers, who closed a 36-day stay in eighth place by plunking the Yankees into the cellar, then by losing the first game of a Sunday doubleheader at Cleveland. But they gave it back to New York's world champions by winning the nightcap.

Monday night they jumped to sixth place for the first time since the second day of the season with a three-run seventh-inning rally that beat Kansas City 4-3.

It was the only game scheduled in the AL but shook up the middle of the standings. While slipping Boston to seventh, the Detroit victory also dipped Kansas City to fifth, as did Washington moved up to fourth.

In the National League, Philadelphia came from behind and whipped first-place Milwaukee 7-3, Los Angeles defeated second-place San Francisco 9-0 behind the two-hit pitching of Johnny Podres. The Chicago Cubs rapped St. Louis 9-4 in the only other game scheduled.

Gail Harris' two-run homer capped the Detroit rally that cracked a 1-1 tie and Ray Narleski then came in in the ninth to save rookie Jerry Davis' first major league victory.

Dick Williams, who had three of the A's eight hits, singled and scored on Harry Chitt's pinch triple that chased Davis (1-1), a 28-year-old right-hander. Narleski put the lead run on base by walking Hal Smith, then struck out Bill Tuttle and ended it by getting Whitey Herzog on a pop up.

Chandler and Clements have been political rivals for more than a generation.

Advance predictions were that more than 600,000 of Kentucky's two million voters would cast ballots. A record 507,000 voted in the 1930 primaries.

Robison has only token opposition in the GOP primary—Granville Thomas and Thurman Hamilton. Neither has won previous contests. Robison has the support of all major GOP groups in Kentucky.

Waterfield, from prosperous western Kentucky, has defended the Chandler administration as a paragon of progress.

Combs, from economically depressed eastern Kentucky, has charged the administration is ridden with scandal and guilty of broken promises.

The bitter campaign began 13 months ago, extremely long even for Kentucky. A conservative estimate is that two million dollars has been spent by both sides.

The polls will open at 6 a.m. and close at 5 p.m. local standard time.

Russia Urged to

powers have yet to agree on precise proposals to offer the Soviets. A lot depends on the readiness the Soviets show for negotiating a workable and acceptable deal. Publicly the West still stands on its heels for free elections to unite West and East Berlin just as the Soviets officially still demand that West Berlin be made a demilitarized city unprotected by Western garrisons.

Present thinking—as outlined by Western and Communist sources—suggests that West and East may be able to meet on a number of points.

Some examples:

Control of access routes—The West reluctantly would recognize the East Germans as Soviet agents along the air, land and water lanes to Berlin. But the U.S.S.R. would have to guarantee the Western rights of access. The Communists don't like the "agents" idea.

The U.S.-British-French garrisons in West Berlin—The West would consider token cuts in their total forces of 12,000-15,000 men. The Communists want only token troops to remain.

Subversive spying and propaganda activities in Berlin—The West would agree to stop this sort of thing and might agree to remove the RIAS radio station from the American sector. The East Germans say they will make a corresponding reduction in anti-Western activities in East Berlin.

Air flights into Berlin—The West wants the high level of unrestricted numbers of flights. The East would like to curtail the number of flights and set a ceiling on the height the planes may fly.

When to Fish or Hunt
By John Alden Knight

The schedule of Solunar Periods as printed below has been taken from John Alden Knight's Solunar Tables, plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major Periods are shown in boldface type. These begin at the time shown and last for an hour and a half or two hours there after. The Minor Periods, shown in regular type, are of somewhat shorter duration.
